

AJAY R. SANKAR

ASSISTANT PROJECT MANAGER

MSc Engineering Management | PRINCE2 Practitioner

📍 Dubai, United Arab Emirates 📞 +971521840882 ✉️ ajay.raj.sankar@gmail.com 🔗 [linkedin.com/in/ajay-sankar](https://www.linkedin.com/in/ajay-sankar)

PROFESSIONAL PROFILE

I am an engineering management professional and prince2 practitioner with over 4 years of experience. I have worked internationally in different industries including manufacturing and automotive sectors. During my experience, I've had the privilege of working collaboratively with diverse teams, guiding projects from inception to completion. I have experience in attending and managing client meetings, timelines, budgets, sales and risk. I pride myself on being a hard worker, dedicated and passionate professional.

Reliable, industrious, and composed when tackling various challenges. Proficient in delegation, with a talent for time and resource management. Strategically adept and accomplished in supervising every phase of a project life cycle. Skilled in implementing effective mechanical engineering approaches to guarantee timely and budget-compliant project delivery

SKILLS

- Project management
- Business Development
- Change control management.
- Lean management
- Documentation & Reporting
- Standard operating procedures
- Quality Management
- Automation
- SAP Ariba
- Process improvement
- Procedure development
- Primavera P6
- Problem Solving
- Team Leadership
- Multi-tasking Skills
- MS Office
- MS Project

CORE COMPETENCIES

- Strong grasp of engineering principles with practical experience managing full project lifecycles in manufacturing.
- Proficient in project planning, coordination, and execution using tools like MS Project, Excel, and other dig. project management platforms.
- Strong adaptability to new technologies and processes to enhance team efficiency and project tracking.
- Skilled communicator with a track record of cross-functional collaboration and stakeholder alignment.
- Organized and detail-oriented with the ability to manage multiple priorities in fast-paced, deadline-driven settings.

EDUCATION

Northumbria University, Newcastle (UK) MSc. Engineering Management B.Tech. Distinction Jan 2022 – Jun 2023	Amity University, Dubai (UAE) Mechanical and Automation Engineering Distinction Sep 2016 - Sep 2020	Sharjah Indian School, Sharjah (UAE) Higher Secondary School, CBSE Distinction Sep 2016 - Sep 2020

WORK EXPERIENCE

Assistant Project Manager. Florence Fiber Glass L.L.C Ajman, UAE	Aug 2023 – Current
• Led multi-million-AED manufacturing projects for fiberglass products (GRP – Composite), from design to completion. • Collaborated with cross-functional teams to define and implement project-related KPIs and metrics, facilitating effective monitoring and reporting of project performance. • Spearheaded team, applying Lean Management principles to enhance operational efficiency and safety, promoting skill development. • Optimized processes through continuous improvement, reducing production time by 20% and operational costs by 15%. • Cultivated strong relationships with key stakeholders such as DEWA, EMAAR, Dubai Government, Municipalities, TAQA/AADC, and more government and non-government entities, fostering collaboration and contributing to project success.	
Project Engineer. Fibretech Manufacturing LLC Ajman, UAE	Aug 2020 – Jan 2021
• Managed full-cycle manufacturing projects from design through delivery, improving on-time and in-full delivery rates by 20% through efficient coordination and cost control. • Implemented project-based quality control systems aligned with ISO 9001 standards, reducing rejection rates from 35% to under 5%. • Enforced strict safety protocols for chemical handling, resulting in a significant reduction in lost-time incidents and improved regulatory compliance. • Collaborated with cross-functional teams to align production timelines with project milestones and client requirements. • Prepared and maintained technical documentation, including project plans, process reports, and compliance records to support continuous improvement initiatives.	

Application Engineer.

Fibretech Manufacturing LLC | Ajman, UAE

Apr 2019 – Aug 2020

- Acted as the technical liaison between clients and production teams, translating customer requirements into manufactural GRP product designs.
- Supported pre-sales activities by preparing technical proposals, material submittals, and compliance documentation for government and private sector clients.
- Collaborated with design and production teams to optimize product specifications for cost, performance, and manufacturability.
- Conducted product testing, validation, and site evaluations to ensure alignment with project and regulatory standards.
- Assisted in troubleshooting production issues and implementing design modifications, improving first-pass yield and reducing rework.

Technical diagnosing Engineer – Intern

Nissan Arabian Automobiles | Dubai, UAE

Aug 2019 – Sept 2019

- Replaced automobile parts.
- Analyzed preliminary diagnosis report.
- Prepared technical reports for electrical wire harnesses.

ORGANIZATINS

Association for Project Management (APM)
APM Student Ambassador

Northumbria Student’s Union (NSU)
Vice President for Indian Society, Program representative, Event Representative, Fresher’s team leader.

American Society of Heating, Refrigeration and Air-conditioning Engineers (ASHRAE)
Student secretary for organizing falcon chapter conducted at university campus.

Amity Dubai Mechanical Engineers (ADME)
Media coordinator and event’s organizer for ATOM fest at university campus open to the public.

Amity University Event Committee
Main media coordinator for various events conducted in university campus.
